

# Colchester Street Name Plates August 2018.

---

E.J.Russell stated that these original cast iron street names were put up under the Town Clauses Improvement Act of 1847.

He listed 15 that remained in 1983. They are in a particular simple style and can be hard to locate due to the placing of them at first floor height which the eye does not naturally find . They are also not always in the most obvious position in the streetscape either .

From his listing I cannot find those that were in

St Peters Street ( this was on the barge boarded wall of the house near Ryegate )

North Hill

Albert Street

Gray's Cottages, East Street.

Those still in situ are :

## **Culver Street on the side wall of Jack's shop**

**Vineyard Street off St Botolph's Street**

**Queen Street located on no 15 .**

**New Park Street , nos 15-17**

**6 Belle View Road. Mr Russell did not list this in 1983.**

**Cistern Yard, North Hill**

**Myrtle Terrace, 22-24 Myrtle Grove.**

**Bretts Buildings, Magdalen Street**

**Charles Street. Side wall of 62 Winnock Road**

**James Street. Side wall of 1 Kendall Road. The unusual small sign is the cast iron one.**

**Beaconsfield Avenue, junction with Butt Road.**

**84 Roman Road on side wall facing to Lower Castle Park.**

**Hythe Hill ( no 99)**
